

CORPORATE INTERFERENCE WITH SCIENCE & HEALTH

FRACKING, FOOD & WIRELESS

Can fracking be done safely?

How can you be sure you are feeding your family safe food?

What are the health risks of smartphones and smart meters?

Is Wi-Fi a public health threat?

What are the environmental costs and health risks of the technology alternatives?...

What role do corporations play in the information you have to answer these questions?

Conference March 13-14, 2013

9 am - 5 pm

Scandinavia House

58 Park Avenue (at 38th Street)

New York City
